Four Nonprofits Show Their Impact in Design Contest

TechSoup and donation partner, Adobe, are proud to announce the 2008 first place winners of the Show Your Impact Design Contest

The contest invited nonprofit organizations to share their stories and show how their use of Adobe software helped them to achieve impact and further their mission.

Participants were assessed in four categories: print/photo, video, Web, and other. The 'other' category was created to capture non-traditional Web and mobile application entries.

Because of the extremely high quality of entries, and because so many organizations have achieved significant impact through their work, Adobe generously added runners-up prizes in the print/photo, Web, and video categories. First place winners each received

\$1,000 cash grants plus their choice of one of three Adobe Creative Suite Premium software packages. For further information about these organizations and their winning submissions, please visit www.showyourimpact.org. Meet the first place winners!

Eastern Oklahoma is forever changed because of Project M.E.N.D., and TechSoup provided the tools to give the program a voice.

PRINT/PHOTO **Girl Scouts of Eastern Oklahoma**

Tulsa, Oklahoma, www.gseok.org

In Oklahoma there are more women in prison than anywhere else in the United States (per capita), and their daughters are 4 to 5 times more likely to end up in prison than their peers. In response to this crisis, in 2002, the Girl Scouts of Eastern Oklahoma created *Girl Scouts Beyond Bars: Project M.E.N.D.* As part of this project, the girls wrote and recorded songs about their lives and experiences, and using

TechSoup Stock Important Information

Read this before placing a donation request!

WHO IS ELIGIBLE FOR DONATIONS?

You must be a valid U.S. 501(c)(3) nonprofit, U.S. or Canadian public library, or Canadian charitable organization/nonprofit to receive products through TechSoup Stock. **Each technology partner has different requirements for eligibility.** Please verify that your organization meets these requirements before requesting a donation.

View eligibility requirements online at: www.techsoup.org/stock/restrictions.asp

MICROSOFT ELIGIBILITY RESTRICTIONS

All Microsoft Software Donation Program orders must contain a minimum of 5 Microsoft seats (licenses) per order (except certain server products). To view special eligibility restrictions for the Microsoft Software Donation Program, go to www.techsoup.org/go/msres

HAVE A QUESTION?

• Check our FAQs www.techsoup.org/stock/faq.asp

- Visit our online Email and Answer Center www.techsoup.org/stock/contact/index.asp
- Email customerservice@techsoup.org or call 800.659.3579 x700, M–F 8am–5pm Pacific Time.

DON'T MISS THIS INFORMATION!

- **The following types of orders take longer to process.** Fax/mail: 2-3 weeks; Cisco: up to 90 days; RCI: 1-2 weeks; NPC: 2-3 weeks. TechSoup Stock staff must ensure that your organization meets the specific donation criteria of each technology partner.
- **All products are subject to availability.** For the most up-to-date product offerings, visit our Web site www.techsoup.org/stock
- **Products with (*) include Microsoft Software Assurance.** Visit www.techsoup.org/go/mssa
- **Software is Windows PC-compatible** unless otherwise noted. **Products with  are Mac-compatible.**
- **All downloadable products cannot be returned** (check product descriptions online). **Many downloadable products labeled ESD are Electronic Software Distribution.**

Frequently Asked Questions About TechSoup

Here are some answers that will help your organization get the most out of our services.

1. I want to obtain software through TechSoup. How do I get started?

The first step is to register your organization at TechSoup (there's no charge). You'll be asked to provide documentation of your nonprofit or library status. Then, browse our catalog of donated software and place a request for the tools that will help you. See our Getting Started guide for step-by-step help: www.techsoup.org/go/start

2. Which donated products is my organization eligible for? What can I request right now?

Each one of our partner's donation programs (such as Microsoft, Cisco, etc.) is independent and has separate eligibility guidelines. You can request software from as many different donation programs as you qualify for – and most nonprofits are eligible for many. The best way to see if your organization can receive software is to visit TechSoup's Web site and find the software product you're interested in. Below the product description, we outline the eligibility requirements. To see if you're eligible to receive

donated Microsoft software, please visit www.techsoup.org/go/msres

3. Can I request from more than one donation program?

Yes! Each of the donation programs at TechSoup has independent guidelines, and your organization may be eligible for products from multiple donation programs.

4. I forgot my log in information or password. How can I find it?

Visit www.techsoup.org/go/password

5. Someone else in my organization is responsible for ordering software. How can they be added to our account?

It's easy to add an "authorized agent" – to learn how, just click on www.techsoup.org/go/addagent

6. Do you offer products for my Mac?

Yes! TechSoup offers a variety of Mac-compatible software donated by Microsoft, Symantec, Intuit, and others. You can request recent titles such as Microsoft Office 2008 for Mac for a \$16 admin fee.

7. I have a different question. How can I contact TechSoup?

Please contact our Customer Service Department at customerservice@techsoup.org or 1-800-659-3579, extension 700. We're available Monday-Friday, 8 a.m. to 5 p.m. Pacific Time.

1) Online

TWO EASY WAYS TO REQUEST DONATIONS!

If you have ordered before:

1. Browse our catalog at www.techsoup.org/stock
2. Carefully review eligibility requirements and product restrictions.
3. Place your donation request.
4. Pay via credit card or check (payable to TechSoup Stock).

If you are ordering for the first time:

1. Join or log in to TechSoup.
2. Register your organization. (If already registered, do not re-register. Please contact us with any questions.)
3. Place your donation request.
4. Fax or mail a copy of your 501(c)(3) or Canadian government documentation† if you are a nonprofit. We can validate non-501(c)(3) libraries and Canadian charities online.

! For more help, visit www.techsoup.org/stock/gettingstarted.asp

2) Fax/Mail

(Before submitting your donation request, please check product availability and eligibility requirements online at www.techsoup.org/stock)

Fill out the form below and fax or mail to the address below. Please **print clearly** and be **complete**: missing information may delay your donation request. If you are ordering for the first time, include a copy of your valid 501(c)(3) or Canadian government† documentation.

PRODUCT NAME	QTY.	PRODUCT ID	ADMIN FEE

Shipping Method (After Processing):

- UPS ground: no fee 3-day select: \$10

ICWFD Adds 1,000 New Online Courses

Have you been looking to improve your software, information technology, or management skills?

International Commission on Workforce Development

Eligible nonprofits and public libraries can now choose from even more online or downloadable courses in information technology, professional development, management and many more subjects provided by the International Commission on Workforce Development (ICWFD). Staff and volunteers have access to 1,500 courses that provide practical skills that are in demand in today's global knowledge-based economy and also have the potential to enhance the organization's effectiveness in carrying out its mission.

Place your request for a block of 10 discounted ICWFD courses or an admin fee of \$80 (the retail value is, on average, \$1,000). To place a donation request, see *Training* products.

Learn more: www.techsoup.org/go/icwfd

New Discounted Rates on NPC Credit Card Processing

NPC

With newly reduced rates offered

by a generous discount from NPC, credit card processing is now within your reach. Boost donations on your Web site or make payments more convenient at your next event by accepting major credits cards.

There are no monthly minimum transaction fees and you can freeze and re-start your service from month to month, a great benefit for minimizing your service costs. Your organization can also rent (at reduced rates) or purchase (at wholesale costs) card readers for in-person transactions.

For a \$30 admin fee, eligible nonprofits can access NPC's reduced rates – on both processing services and equipment – only available through TechSoup. To place a donation request, see *Fundraising Tools*.

Learn more:

www.techsoup.org/go/npc

NOW AVAILABLE: ACT! and Peachtree

Thanks to new donations from Sage Software, a leading supplier of business management software and services to small and medium-sized organizations, you now have three new software applications to help you better manage your organization. Eligible organizations can choose from these solutions:

- **ACT! by Sage 2008** – A powerful contact and customer relationship management (CRM) system to help you build relationships and improve fundraising. To place a donation request, see *Office Work Tools*.
- **Peachtree by Sage Premium Accounting for Nonprofits 2009** – Accounting software for your nonprofit, including new analysis tools. To place a donation request, see *Accounting* products.
- **Sage Timberline Office Estimating** – Software to help you cost out your construction projects

Learn more: www.techsoup.org/go/sage. To place a donation request, see *Database* products.

RePlay: Finding Zoe uses the popular medium of video games to open a dialogue about abuse, healthy relationships, encourages young people to build respectful relationships, and identifies places they can go for help.

Cover Story: Show Your Impact Design Contest

Adobe donated software, created a 16 page album booklet. The girls learned the principles of graphic design, and gained confidence and the determination to make a good life for themselves.

VIDEO **MediaRites Productions**

Portland, Oregon, www.crossingeast.org

MediaRites Productions used Adobe software to create, market and promote its ground-breaking series on Asian American history. The series was created both for radio and as a visual experience through Flash history movies using Adobe Flash. In 2007, MediaRites Productions won a prestigious Peabody award for the movie *Crossing East*. To view the movies, visit: www.crossingeast.org/flash_main_page.htm

WEB **Fresh Artists**

Lafayette, Pennsylvania, www.freshartists.org

Fresh Artists is a nonprofit organization that delivers art supplies to local underserved children and enables them to tell their stories. High-resolution digital photographs of the artwork are processed in Photoshop. Donors choose large-scale, high-quality, digital photo reproductions of children's artwork as thank-you gifts.

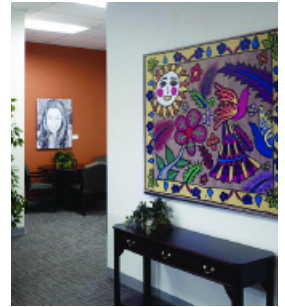

OTHER **Metrac**

Toronto, Ontario, Canada, www.metrac.org

After extensive consultations with 250 youth in the province of Ontario, METRAC released *RePlay: Finding Zoe* in June 2007. RePlay is an online video game that promotes healthy relationships amongst diverse youth aged 8 to 14 and was created using Adobe Flash CS3 as a youth-friendly and relevant approach to violence prevention towards girls and young women.

From June 2007 to April 2008, it received 3,588 visits and 2,853 unique visitors, all without any concerted promotional strategy and the site generated a great deal of excitement and interest amongst schools and educators. As a result of the game's initial success, the Ontario Government extended its original project funding and an enhanced English/French version of game was released in June 2008. To check out the online video game, please visit:

www.metrac.org/replay/index.html

Fresh Artists' artwork is either hung on business walls, or donated to their "Freshen Up a Public School" program which hangs the pieces in struggling local schools, health clinics or homeless shelters.

Free Anti-Spam Software for Nonprofits and Public Libraries!

Only on December 10, nonprofits and public libraries can request Anti-Spam Desktop software donated by Mailshell for FREE.

During the 6th annual "Stop Spam Today!" campaign, TechSoup brings you valuable articles and resources for stopping spam in addition to the December 10 product giveaway.

New to TechSoup? Visit TechSoup Stock today to register your organization so you'll be ready to request the free software December 10. Not sure if you're registered? Call TechSoup Stock customer service to find out.
