

# Jump-start Your TechSoup Benefits

How can you make sure your nonprofit has what you need to deliver on your mission? Take a look at these TechSoup resources to help you power up your impact.

## Get Technology Through TechSoup

- » [Getting Started with TechSoup](#) — See how to [sign up](#) and check what product donations your organization is eligible for.
- » [Getting Technology Donations Through TechSoup](#) — Get an overview of TechSoup's product donation program for nonprofits.
- » [Free Webinar Recording: 5 Things You Didn't Know About TechSoup's Donation Programs](#) — Access the [recording](#) and the [presentation deck](#).

## Learn About Technology

- » [Free Weekly Newsletters](#) — Sign up to receive TechSoup's weekly serving of technology news and events as well as get product donation alerts.
- » [Free How-to Webinars Every Week](#) — TechSoup offers nonprofits webinars on everything from social media presence to best practices in nonprofit accounting.
- » [TechSoup's Step-by-Step Online Technology Planning Courses](#) — This set of four courses helps an organization create a technology plan or roadmap for its IT. The self-paced online courses cost \$99 for the whole set, but the first module is free. This is incredibly useful for nonprofits to figure out what they need from TechSoup and to make their organizations as effective as possible.
- » [Technology Basics: PC Troubleshooting and Maintenance Webinar](#) — Learn the basics of preventing and solving computer issues.
